Hagenbeck-Wallace Shows.
With New Animal Acts, to
Show Here June 15.

"Gee, Teddy, there's a circus coming here!"

"Gosh, it's the big Hagenbeck-Wallace one, too, Al?"

"Oh, huh? an' they've got lots of trained animals!"

"An' a big menagerie. Then there's the pretty girl who ride bareback an' walk on wires an' the funny clown an'—"

"Shucks, Teddy, you can't tell all they got. There's always something new."

new. "Remember how we carried water to the elephants that last time, uh?"

"Yep, I carried more than you—"

"You did like fun. I carried the most."

"Betcha didn't."

WHY YOU NEED IRON

To make you strong and "briny" and put the power into your blood to overcome disease germs.

PRACTICAL ADVICE ON HOW TO DEVELOP GREAT ENERGY AND ENDURANCE.

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it—it is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is plenty of good rich, pure blood, and this is made possible by the iron in your blood, so that you can get any strength from it—it is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

If you have been taking medicine without benefit such is no proof that organic Nuxated Iron will not help you. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run down folks in two weeks' time. It is such an extremely valuable product that even the Pope at Rome wrote especially of its merits in a communication to the Pharmacologic Normal.

It has been used and with commendable results by former United States Senators, members of Congress, judges, of the courts, many physicians and prominent men.

Over 5,000,000 people are now using it annually. Satisfactory results are guaranteed at the manufacturers' refund your money. Sold by all druggists. Tablet form only.

Was Finally Made Well by
Lydia E. Pinkham's Vegetable Compound

Stevens, Miss.—"I was all run down and nervous with female trouble and my sides pained me so at times that I could hardly walk. I suffered for four years with it. Then I saw your advertisement in the paper and I began taking Lydia E. Pinkham's Vegetable Compound. I feel stronger and able to do most of my housework now. I recommend your Vegetable Compound to my friends and you may use this letter if you care to do so."—Mrs. W. H. Blake, Route 1, Stevens, Miss.

How many women, overworked, tired and ailing, keep up the ceaseless treadmill of their daily duties until they are afflicted with female troubles, as Mrs. Blake was, and are run down, weak and nervous. But every such woman should be convinced by the many letters like hers which we are constantly publishing, proving beyond question that Lydia E. Pinkham's Vegetable Compound will overcome such troubles, and write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to their health.

Jap Workers Wave Red Flag

For the first time in the history of Japan, May day this year brought big radical mass meetings and processions, where red flags were in evidence. There were demonstrations at Tokyo (pictured here) and at Yokohama, Osaka, Kobe and other cities. The radicals carried inflammatory banners as well as flags of revolution. The police had been instructed to be lenient, but many clashes occurred. In Tokyo 42 persons were arrested, 19 of them women. Bunji Suzuki, national labor leader, was beaten and bruised.

"Betcha I did."

"Betcha didn't."

"How you goin' to prove it? Dare you to knock this chip off my shoulder."

"Well, guess we both carried about the same."

"Yeh. Goin' this time?"

"Guess so."

Many a youngster has had a similar argument, no doubt. And maybe there are some of the grown-ups who remember when they carried water to the elephants with the Hagenbeck-Wallace circus.

When the circus arrived here for its exhibition on Wednesday, June 15, there is promised to be presented many novelties in the three big rings and no doubt, as Mr. Grown-up is witnessing the performance, his thoughts will bring back many happy recollections of his boyhood days.
